PROFESSIONAL SUMMARY

Motivated BCA 3rd-year student with a strong practical foundation in web development, PHP and MySQL. Skilled in creating responsive, user-friendly web interfaces and database-driven applications. Experienced in academic web projects, front-end/back-end integration and practical problem solving. Eager to contribute to a professional development team and grow through real-world development experience.

TECHNICAL SKILLS

HTML5 • CSS3 • JavaScript • PHP • MySQL • Web Development • Responsive Web Design • Web Page Design • Database Management • Java • Git • GitHub

PROJECT EXPERIENCE

Smart Aadhaar Management System

Developed a web-based management system as an academic project, focusing on clean user experience, responsive design and practical database-driven functionality. Worked with PHP and MySQL for server-side development and data management, while using HTML, CSS and JavaScript to build structured and user-friendly web pages.

- Designed responsive and user-friendly web pages with a clear, structured interface.
- Implemented PHP and MySQL integration for database connectivity and form-based functionality.
- Worked on registration, login, profile and appointment-related modules.
- Focused on usability, responsive presentation and practical problem solving.

EDUCATION

Qualification	Institution / Board	Status
Bachelor of Computer Application (BCA)	KCE'S Institute of Management Research, Jalgaon	2024 – Expected 2027 3rd Year
Higher Secondary Certificate (12th) — Commerce	Maharashtra State Board	
Secondary School Certificate (10th)	Maharashtra State Board	

STRENGTHS

- Strong willingness to learn modern technologies and improve development skills.
- Practical interest in website development, UI design and database-driven applications.
- Problem-solving mindset with a focus on building functional and user-friendly solutions.
- Comfortable working with academic projects and hands-on development tasks.

CAREER OBJECTIVE

Seeking an entry-level Web Development / PHP Development internship or junior role where I can apply my practical skills, contribute to real-world projects and grow into a capable full-stack developer.
